MEMORANDUM FOR: Acting Chief, Development Projects Division  
THROUGH : Chief, Administrative Branch, DPD *AL*  
SUBJECT : Weekly Activities Summary  
(27 Dec 59 - 2 Jan 60)

The major Security points of concern during the week are briefly noted below:

25X1

OXIART: A number of expedite clearances for Minneapolis Honeywell and NASA this week at the request of IAC. (Completed)

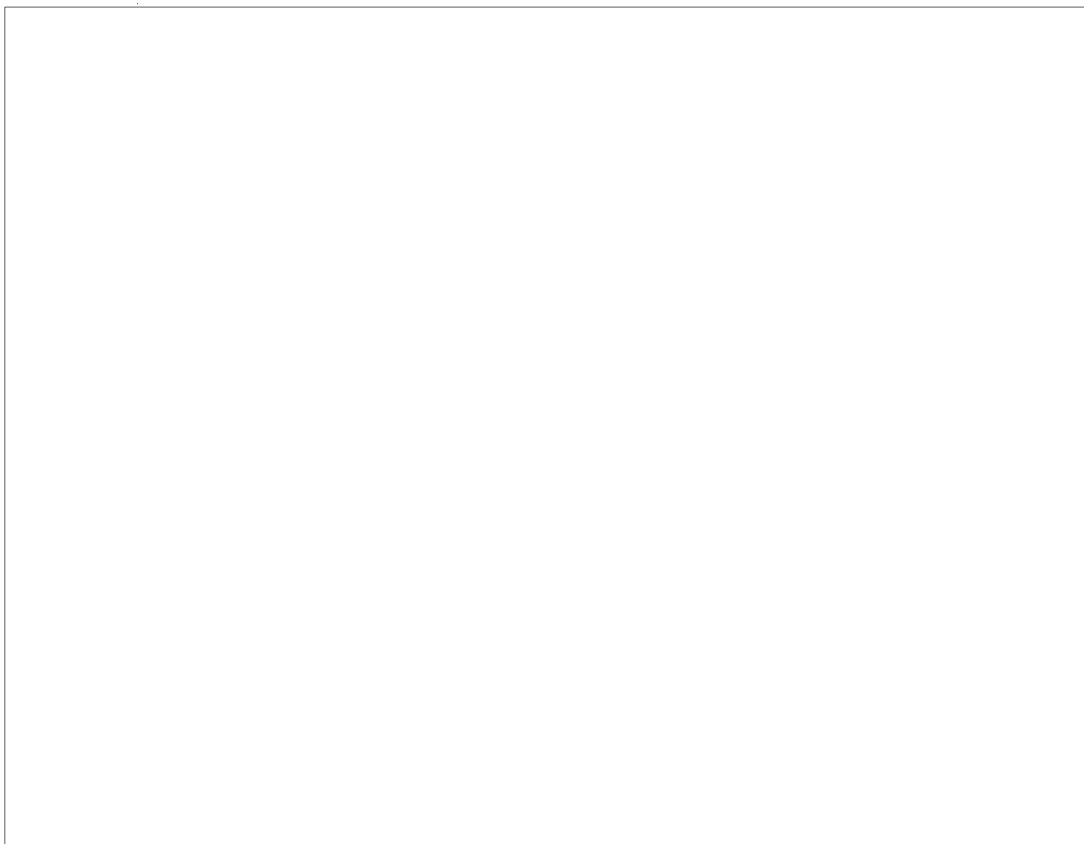

25X1

CONONA: During a SAMDS meeting at LMSD on 29 December 1959, AF Secretary Dudley Sharp was reported to have made the following statement: "Why did we develop a new camera instead of using the one developed on the Discoverer Program?" This statement was made in the presence of a number of uncleared Air Force and LMSD personnel. BMD was requested to debrief these individuals prior to the adjournment of the meeting. It is planned to rebrief Mr. Sharp on his return to Washington to prevent a recurrence of this kind of security breach.

ARGON: A total of 50 expedite clearances were completed this week for FCIC, to enable them to meet their ARGON schedule commitments.
